What is your overall satisfaction with your interactions with DAAA?
“24hr call back would be greatly appreciated. SC never call back in a timely manner” “I am a new provider with DAAA and it took a very long time to get answers to my questions and the support I needed in order to start providing services to my client. My client and myself were very frustrated with the whole process and how long it took.” “Keep up the good work! CST is looking to help in any way we possibly can to improve the members health and prevent future emergencies.”
“The provider’s meetings are very informational. Communication with Wanda Bowman and her response is exceptional. She is a great individual who support DAAA and its mission, we love working with her.”

“Treat "partners" as true partners who are working collectively for the same goal”

“I think I should be informed in a timely manner when a client's hours have been reduced. CHHC has serviced clients for weeks and then we get a Vendor View message that the clients hours have been reduced weeks after we have already performed the services.”
